

Cost of Living Blueprint

Lower Your Utility Bill

- **Cut red tape so we can build reliable, affordable energy** faster and meet growing demand.
- **Restore the home energy tax credits** Republicans cut in their Big Ugly Bill so families can afford lower heating and cooling costs.
- **Make big tech companies pay their fair share** for the energy demands created by data centers instead of passing those costs on to families.

Lower Your Health Care Costs

- **Lower your monthly premium** by restoring the ACA tax credits Republicans let expire.
- **Ban insurance companies** from denying the care prescribed by your doctor.
- **Restore the Medicaid funding** Republicans cut in their Big Ugly Bill.
- **Increase competition, transparency, and accountability** in the health care sector to lower prescription drug costs and the price of inpatient care.
- **Support caregivers** and expand access to home health care and long-term care for aging Americans.

Lower Your Everyday Family Costs

- **Reverse Trump's illegal and disastrous across-the-board tariffs** that function as a tax on consumers.
- **Cut taxes for the middle class and small businesses**, not the wealthy and well-connected.
- **Pass national paid family leave** and universal pre-K to help families afford work and child care.
- **Raise the minimum wage** and protect workers' right to organize for better pay and benefits.
- **Crack down on corporate consolidation** and price gouging that drive up grocery bills.

Lower Your Housing Costs

- **Cut red tape to build millions of new homes**, make supply meet demand, and bring costs down.
- **Expand the Low-Income Housing Tax Credit** to build more affordable homes.
- **Turn unused federally owned property** into affordable housing.
- **Give local governments more tools** to acquire, clear, and rebuild abandoned properties.
